

# Land Cruiser V8 Accessories

**TOYOTA**

ALWAYS A  
BETTER WAY

For town, country and those wide open spaces, the Land Cruiser V8 presents a compelling combination of luxury, sophistication and multi-terrain functionality. Genuine Toyota accessories make even more of the experience by giving you options to tailor your car to the life you lead.

# Styling

Toyota style accessories add extra touches of individuality to the bold design of your Land Cruiser V8. Whether applied individually or all together, for the inside or out, each accessory complements your car's striking good looks.

**18" alloy wheels (5 spoke)**  
Toyota alloy wheels are full of personality. The stylish 5 spoke design is precision engineered for strength and optimum drive balance.

#### **Exhaust pipe finisher**

The durable chrome design makes a feature of your car's exhaust pipe and creates a look that is both elegant and sporty.

#### **Chrome side door garnish**

A dash of chrome custom designed to highlight the sculpted side contours of your Land Cruiser V8.

#### **Illuminated scuff plates**

Adds a distinctive style detail to your car's interior while also protecting the door sill paintwork. In aluminium with an illuminated logo and a choice of shell or black colouring.

# Transportation - exterior

The Land Cruiser V8 is famous for its go anywhere do anything flexibility. Toyota accessories reinforce the sense of adventure by giving your car an extra dimension of carrying and towing capability.

## **Roof rack**

Available as either a 2 or 3 bar set. The strong yet lightweight aluminium design creates a firm base for roof-top transportation and has integral security locking.

## **Cross bars**

For use with pre-fitted Toyota roof rails. The cross bars lock onto the rails and form a secure base for roof-top transportation. Available as a 2 or 3 bar set.

**Ski / snowboard holder**

Lockable design with a soft rubber grip to secure skis or snowboards. Medium size holds 4 pairs of skis / 2 snowboards. Large size holds 6 pairs of skis / 4 snowboards.

## Bicycle holders

### Rear mounted multi-capacity

For secure transportation and easy loading and unloading. The clamp mounted holder is a universal solution that attaches to all genuine Toyota towing hitches and is available with either a 2 or 3 bike capacity.

#### Key product highlights:

#### Clamp mounted rear bike holder

Load capacity (bikes)	2	3
Total load capacity (kg)	36	45
Dimensions LxW (cm)	105 x 58	105 x 75
Weight of unit (kg)	14	17
Fits frame dimensions (mm)	22 - 70	
Vehicle's holding system	Any genuine Toyota Land Cruiser towing hitch.	
Powerplug/Rear lights	7 pin or 13pin	
Safety	Locks bike to carrier	
	Locks carrier to car	
	One key system compatible	
Fulfils city crash norm	Yes	
Miscellaneous	Maximum weight per bike: 20 kg.	
	Fits bikes with disc brakes.	

### Quick and easy roof mounting

The lockable lightweight design attaches to the Toyota roof rack or cross bars and has secure wheel and frame grips. The holder attaches to either the left or right side of the car for easy access and the frame grip adjusts at roof height.

Load capacity (bikes)	1
Total load capacity (kg)	15
Dimensions LxW (cm)	159 x 29
Weight of unit (kg)	4.4
Fits frame dimensions (mm)	20 - 80
Vehicle's holding system	Fits square and extruded aluminium roof rack and cross bars.
Powerplug/Rear lights	-
Safety	Locks bike to carrier
	Locks carrier to car
	-
Fulfils city crash norm	Yes
Miscellaneous	UV resistant plastic.
	Fits wheel width up to 5.6 cm

## Towing hitches

### Fixed

### Detachable

### Flanged

### Ball and pin

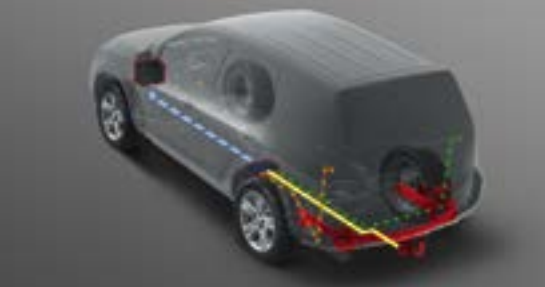

Toyota towing hitches are available with a flanged, fixed or detachable hook. Each provides a strong towing capability and will support the Toyota clamp mounted rear bicycle holder.

#### Features

- 3500 kg towing capacity. The towing hitch is designed for your car's maximum towing capacity.
- Supplied with a protective tow-ball cap bearing the Toyota logo.
- All Toyota towing hitches support the 2 and 3 bicycle version of the rear bicycle holder.
- An optional ball and pin coupling is available for the flanged towing hitch.
- The detachable towing hitch has a smart plastic cover to place over the base when the hook is removed.
- The detachable towing hitch hook attaches or removes by a turning knob that also has a security lock.

## Towing hitch wiring harness

Individually designed for your Land Cruiser to seamlessly integrate its lights and signals with those on a towed trailer or rear bicycle holder. The system has many safety features including blinker failure detection.

#### Features

- Independent circuitry and a fused module eliminate the risk of overloading your car's electrical system.
- Fused module prevents a fault in the trailer's circuitry affecting your car's systems (your car's indicators will still work if those on the trailer fail).
- Cable route safely avoids moving car parts, heat, irregular surfaces and metal edges.
- No loose cables that could snare road obstacles or interfere when loading/unloading the trunk.
- Strategic cable protection guards against accidental damage and the consequences of electrical shorting.
- Available with a 7 or 13 pin socket.
- Incorporates special water-proofing features for off-road and recreational driving.

## Socket adapters

If you have an existing trailer or rear bicycle holder, or perhaps you want to hire a trailer when you travel in another country, you may find that the plug socket is different to that on your car. Such a problem is easily resolved! A Toyota socket adapter enables you to safely and securely connect your car's towing hitch wiring harness to that of a trailer or bicycle holder even if the plugs don't match.

Toyota adapters are designed to provide a durable connection between different types of plug sockets. They are available in three versions:

- 7 pin (car) to 13 pin (trailer).
- 13 pin (car) to 7 pin (trailer).
- 13 pin (car) to 12N-12S double socket (trailer).

## Protection - exterior

A big part of the fun of driving a Land Cruiser V8 is that you can take it virtually anywhere. Toyota accessories complement that versatility by providing extra layers of protection to help keep your car looking in top condition.

### Sunroof wind deflector

Makes driving with the sun roof open even more pleasurable by reducing the effects of wind noise and turbulence within the cabin.

### Wind deflectors

The aerodynamic shape minimises in-cabin wind noise and turbulence when driving with the windows open. Available as a front and rear set or for the front only.

### Hood deflector

Ideal for bad weather and country road driving. The deflector fits along the leading edge of the hood to divert airborne water, mud and stones away from the windshield.

### 01 Body ProTect\*

Helps maintain the showroom appearance of exterior paintwork and side windows by sealing the surfaces with an invisible ceramic hard coating.

### 02 Alloy wheel ProTect\*

ProTect's silicium-based coating shields alloy wheel surfaces against marks and grime caused by brake dust, road conditions and the weather.

02

### 03 Door handle protection film

Virtually invisible, yet providing tough protection against scratching by gloves, rings and keys around the door handle.

### 04 Stickerfix

Easy to apply flexible paint patches that help disguise minor chip or scratch damage to vulnerable areas such as door edges.

03

04

### 05 Touch up paints

A full range of Land Cruiser colours available in easy to use sticks and aerosols for repairing minor paintwork blemishes.

### 06 Car care products

A choice of specially formulated cleaners, polishes, oils and fluids is available from your local Toyota retailer.

# Multi-media

Toyota multi-media accessories are as rewarding as the Land Cruiser V8 itself. Whether for work or for play, for individuals or for families, they create that essential link between you, your car and your way of life.

What is so clever about Toyota technology is that each item in the range has been created from the beginning with the user in mind. Every button, display and function is designed for easy operation and to meet a recognised need.

## Toyota Hotspot

Toyota Hotspot effectively turns your car into a mobile WiFi hotspot. It uses a SIM card of your choice and, when you're in a 2G/3G area, connects up to five WiFi capable devices including phones, tablets and laptops, and supports in-car interaction between them. Importantly, Toyota Hotspot wires directly into the car battery system for a constant power supply.

- Purpose designed for in-car use and the special demands of temperature variation and vibration.
- Automotive design high speed dual antenna enhances mobile reception and minimises doppler problems.
- Open to any GSM operator, therefore allowing you to use a SIM card of your choice. It will accept a dedicated data transfer card and, when travelling abroad, you can fit a local card to avoid roaming charges or enable roaming on your card.
- Over-the-air software updating happens almost automatically.
- User friendly web interface allows personalisation of Toyota Hotspot functions such as the connection parameters.
- Easy to use with a simple on/off switch and coloured diodes to inform of status and activity.
- Securely mounted within your car to avoid trailing wires.
- Free from the technical problems associated with using a smart phone as a hotspot and also the restrictions imposed by internet providers. For example, the Toyota Hotspot does not limit you to just one user surfing the net.
- Covered by a Toyota warranty.

## Rear entertainment system

The Toyota rear entertainment system is a modular concept providing a range of in-car rear seat entertainment choices. At its heart is a powered docking device that installs neatly into the back of your car's front seat. Once installed, the docking device is used to secure entertainment technologies such as the portable DVD player or holder for an iPad. For maximum flexibility, you can have docking devices in the back of both front seats.

### Portable DVD player

The portable DVD player with 7" screen is a great way of entertaining rear seat passengers during long journeys. It has comprehensive multi-media flexibility, USB and SD card slots, smartphone AV input, and can also be used at home with a suitable power adapter.

The DVD player is purpose designed for the rigours of in-car use. It features a child friendly top loading disc slot, stereo sound and a remote control. Optional extras include a second unit (either a slave unit or fully functioning DVD player) and wireless headphones.

### Holder for iPad®

The holder slots into the rear entertainment system docking device and provides a stable base for rear seat passengers to use their iPad® and watch content as they travel. It is available as powered and non-powered versions.

### Wireless infrared headphones

Superb stereo listening. The optional headphones have independent volume control and will automatically shut down to preserve battery life when no signal has been received for a period of time.

## Comfort

People have different ways of living with their car. Toyota comfort accessories provide extra consideration to personalise the pleasure of your journey.

### Small bin / ash tray

Slots neatly into the console cup-holder space. The close fitting spring-shut lid helps contain tobacco odours and waste.

### Cool box

Ideal for long journeys, picnics and days out. Plugs into your car's 12V socket to keep refreshments either hot or chilled.

## Transport - interior

Toyota interior transport accessories help tailor your Land Cruiser V8 to your way of doing things. The choices offer purpose designed options for making the most of your car's generous trunk space.

### Tonneau cover

Fits neatly over the trunk space to create a parcel shelf while also protecting the trunk contents from prying eyes.

**Trunk guard – full**

A floor to ceiling mesh design that protects the rear of your seats and prevents stacked luggage falling, or your pet dog jumping, into the passenger area.

**Trunk divider**

Combines with the full trunk guard to maximise carrying flexibility. It divides the trunk space for two dogs, a dog and luggage, or different types of luggage.

# Protection - interior

The Land Cruiser V8 is a great car for enjoying life to the full. Toyota accessories reflect that versatility by providing extra protection for the cabin and trunk carpets and for the interior fabrics.

## Cargo liner

Made of thick black water-proof plastic with a non-slip surface and high raised edge for the ultimate protection against mud, sand and liquids. For 5 and 7 seat Land Cruisers.

## Trunk liner

Ideal for lovers of an active life. The liner is made of tough black plastic and has raised edges to protect your car's trunk carpets. For 5 and 7 seat Land Cruisers.

**Rubber floor mats**

Tough cabin carpet protection against mud, dirt and sand. The driver's mat has special safety fixings to hold it firmly in place. In beige or black and for 5 and 7 seat Land Cruisers.

**Velour floor mats**

Soft textile on a strong backing for great looks, comfort and durable carpet protection. Safety fixings hold the driver's mat firmly in place. In beige or blue grey and for 5 and 7 seat Land Cruisers.

**Fabric ProTect\***

An especially formulated coating that protects cabin fabrics such as textile car seats and carpets. It is hypo-allergenic and allows spills, dirt and grime to be wiped away without staining.

\*Toyota ProTect requires professional application by trained Toyota personnel. Contact your local Toyota retailer for details.

LAND CRUISER V8

# Safety

Land Cruiser accessories provide reassurance by offering choices that make life safer and more convenient.

For younger passengers, the range of Toyota child restraint seats has individual options for each age group. Nothing is left to chance; the fixings are secure, the fabrics are robust and the designs offer safety and comfort in equal measure.

<b>Name</b>	<b>Baby-Safe Plus</b>

			<ul style="list-style-type: none"> <li>- Indicators confirm that the ISOFIT hooks are engaged.</li> <li>- Multi-recline position when secured with ISOFIT.</li> </ul>

# Vehicle security

The Toyota vehicle security system provides peace of mind when you leave your car parked. At its heart is a powerful anti-intruder alarm that complements your car's pre-fitted immobiliser.

As an option you can enhance the system with a breaking glass sensor. This sounds the horn and flashes the lights if anyone should try to break a window in your car.

Also, as a further option, you can include an incline sensor that sounds the alarm at attempted wheel theft and towing-away.

## 01 Tyre pressure monitoring system

The system has combined air pressure sensor and valve units that constantly monitor the air pressure within each wheel and activate a dashboard warning if it falls below the set level. By doing so, the system contributes to safer driving, better tyre wear and greater fuel efficiency.

## 02 First aid kit and warning triangle

Essential precautions for whatever may wait around the next corner (items sold separately).

## 03 Reflecting jacket

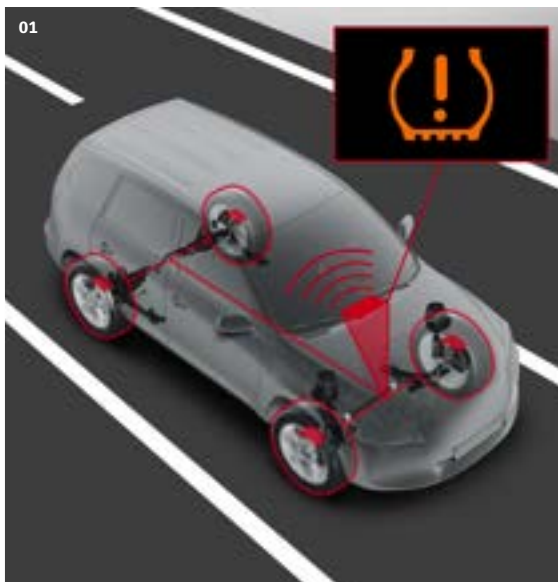

See and be seen is a golden rule of personal safety.

## 04 Spare light bulbs kit

Be sure, be safe with a complete set of replacement bulbs.

## 05 Optibright and Optiblue bulbs

Stylish high performance headlamp bulbs for enhanced bright white or blue-white illumination.
